

SEABEE TEAM 6206

In training

The 6206 compound

Seabee Team 6202, under the direction of LTJG David L. Burrus, deployed in May 1971 to Ham Tan in the Binh Tuy Province of South Vietnam. They completed fourteen major projects including a 2.5 km road consisting of 9,500 cubic yards of laterite fill, a two room school, a dispensary, and a village power distribution system. Their excellent performance won them the Best Type "E" for Seabee teams in Vietnam.

Leveling and compacting the access road to the Cham village in Ham Tan.

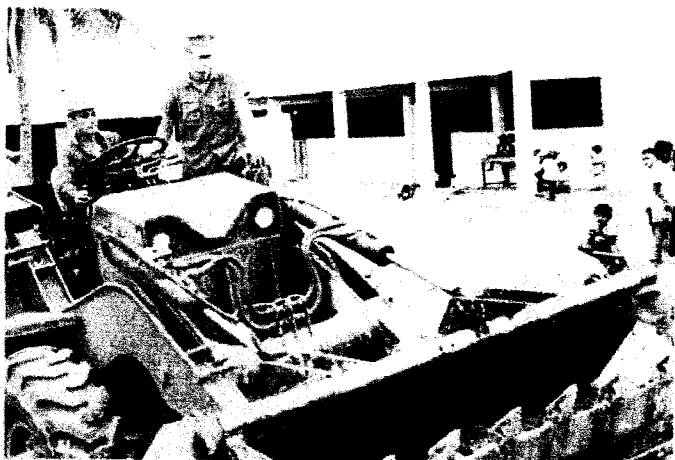

David L. Burrus, LTJG
Neal L. Smith, BUC
Arthur H. Casselbury, HM2
Calvin Crane, EO3
