Norm,

Forgot this photo. Also am sorry I got my Chiefs wrong. The Chief that kept a log was Jarvis Wood not James Jacobs. Both were good men to work with. Chief Woods was a senior chief and is the one who went on to become the top Seabee in the Navy. The other day I emailed him using the only email I have and have not heard back.

Dick

Tar spreader truck at Tra Bong Special Forces Camp in Sept 1970. Airstrip has been prepared for the tar so we could put down the metal matting. All these guys are MCB 62 A Company. Grogan with hard hat own.
