

U.S. Navy Seabee Cruise book

CEC/Seabee Historical Foundation
Civil Engineer Corps and Seabee Museum
1000 23rd Avenue, Bldg. 99, Code HO
Port Hueneme, Ca 93043-4301
October 20, 2001

Volunteers copied this Compact Disk from original cruise books at the CEC/Seabee Museum Library at Port Hueneme. All copying was done for historical preservation purposes and to raise funds for the CEC/Seabee Historical Foundation.

This CD is protected under U.S. Copyright laws. No copies shall be made without the written permission from the CEC/Seabee Historical Foundation.

This CD was made possible by the following Foundation volunteers:

- Project Leader.....Robert Quinn, Captain, CEC,USN Ret.
- Project coordinator
& Team Leader #1.....Paul J. Doyle, Commander retired.
- Team Leader #2 Ken Bingham MCB-8, 1966-69

The Foundation wishes to thank the following for their advice and assistance:

- Carol Marsh:.....NAVFAC Command Historian
- Lara Bickell :Archivist
- Arthur K. Samora :.....Legal advice
- Andrea King.....Store Manager

The Foundation also wishes to thank the following for their donations of equipment material, or funds, to support this project:

- MCB-8 Association.
- Steve Thomas of Steve Thomas BMW: Former member of MCB-4 ,1967-68.
In memory of Ronald Harrison MCB-4, Equipment Operator Third Class, KIA Vietnam.
- Vietnam Era Seabees (VNES)
- Navy Seabee Veterans Of America , Island X-7 Port Hueneme
- Paradise Chevrolet, Ventura
- Kinko's, Main St. Ventura
- Pugh & Associates, Ventura

DETAIL GTMO

LT(jg) Lou Campbell

Ens. D. W. Buchanan

Ens. Joe Parsons

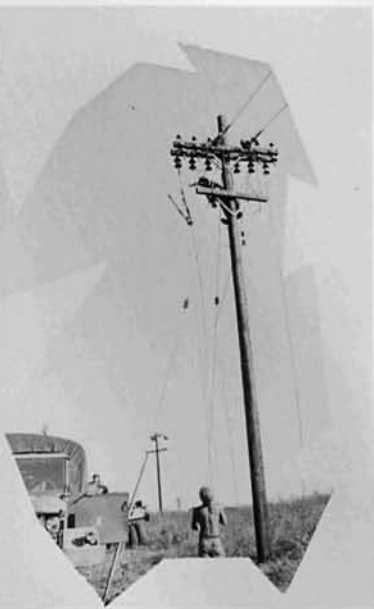

BUCS Frank Whiston

The exact conception date of Detail GTMO is unknown. It developed in the embryo of homeport, gradually growing as names were shifted from roster to roster. It was born officially on 5 May 1971 on a landing strip on Leeward Point Guantanamo Bay, Cuba. It matured rapidly and quickly established a voracious appetite. It devoured the Cam Bulkeley Barracks and the laundromat as appetizers, then finished up the main course of dredging work and the EM Club structural work. Dessert included the completion of the Security Fence Lighting project and Crane Hill. But of greater importance was its diverse personality. It was sober by day and a drunkard at night, fiercely competitive at sports, hardworking but with an eye for parties and fun. Although conceived and named by others, it was we, the men of Detail GTMO that made it live . . .

DETAIL SOLOMONS

Ltjg John E. Rectenwald, Officer-in-Charge, Details SOLOMONS and THURMONT

Detail SOLOMONS left Gulfport on 20 May 1971, with the assignment of constructing a recreation complex at the Naval Ordnance Laboratory Test Facility at Solomons, Maryland. Under the direction of Ltjg John E. Rectenwald they completed marina buildings, a trailer park, clubhouse improvements, and the rehabilitation of several bungalows. They also worked on an exterior lighting system, performed grading and paving and completed several miscellaneous projects in their eight months in Maryland.

DETAIL THURMONT

Detail THURMONT spent their eight months providing construction support to the Public Works Office, Naval Support Facility, at Thurmont, Maryland. Their projects included land clearing and a staff support facility building. Their job was particularly interesting because the Naval Support Facility at Thurmont contains the retreat Camp David. Ltjg John E. Rectenwald was the OIC of Detail THURMONT.

DETAIL NEW LONDON

Detail NEW LONDON was the smallest detachment maintained by NMCB-62 during the deployment. The Detail consisted of five Equipment Operators, a Construction Mechanic, and an Equipment Operator Chief who acted as CPOIC. The Detail completed rough earthwork and landscaping in preparation for a Navy trailer park which is being built at the Submarine Base, New London, Connecticut.

DETAIL VIEQUES

Detail members prepare for pouring concrete tank supports.

The men of Detail VIEQUES were tasked with the renovation of an existing observation post, the pouring of a large concrete bunker, the erection of two 20' X 48' Baby Butler buildings end-to-end including the installation of generators, the grading of existing roads and the making of new run-in lines into the aircraft bombing practice area. The Detail completed these tasks and many others in a highly professional manner. Most of the work was performed atop Cerro Matias mountain on Vieques Island situated about nine miles southeast of Roosevelt Roads Naval Station, Puerto Rico.

UT3 Ralph Copeland places a section of sewer pipe at the observation point.

LCM-6 landing at Vieques

DETAIL CULEBRA

LT Donald R. Keith,
Officer-in-Charge, Detail CULEBRA

Detail CULEBRA, under the command of LT Donald R. Keith, performed many tasks. Among the bigger accomplishments were the completion of interior work on a 40' X 100' pre-engineered building, the pouring of 700' of concrete ribbon roadway, and the erection of 5000' of chain link fence. The Detail also performed grading work on existing civilian dirt roads and grading of a baseball field for the young men of Culebra Island. The island is situated about fifteen miles east of Roosevelt Roads Naval Station, Puerto Rico.

SEABEE TEAM 6206

In training

The 6206 compound

Seabee Team 6202, under the direction of LTJG David L. Burrus, deployed in May 1971 to Ham Tan in the Binh Tuy Province of South Vietnam. They completed fourteen major projects including a 2.5 km road consisting of 9,500 cubic yards of laterite fill, a two room school, a dispensary, and a village power distribution system. Their excellent performance won them the Best Type "E" for Seabee teams in Vietnam.

Staging concrete blocks for construction projects in the out-islands

Thirteen Seabees including one Hospitalman and one C.E.C. Officer deployed to the island of Yap in the Trust Territories of the Pacific Islands as Seabee Team 6207. The Team worked on the upgrading of the Seabee Camp and several civic action projects including the building of culverts, one bridge, a two ward dispensary, a school house for the natives of Lomotrek, houses for the Yapese and several other projects.

The Team received gifts from the natives as tokens of their gratitude for the work performed by Seabee Team 6207.

Delta Company Builders installing roofing on the Navy Exchange Warehouse

The Happiest Day of the Deployment . . .

NMCB-74 arrives at the Roosevelt Roads airport.

Preflight muster, an assurance that we were very short

One last look at Puerto Rico

And home to Mama

Arrived With NMCB-74

Gulfport looked good.
